

## Exercise 0.31 – Polarity

---

**Q031-01** Based on electronegativity values which bond is the most polar?

- A. B-C
  - B. C-O
  - C. N-O
  - D. O-F
- 

**Q031-02** Which of the following bonds will have the greatest polarity?

- A. C-H
  - B. C-N
  - C. C-O
  - D. C-C
- 

**Q031-03** Which combination of atoms can form a polar covalent bond?

- A. H and H
  - B. H and Br
  - C. N and N
  - D. Na and Br
-
